Enrollment

- **Kiosk / Mobile Enrollment**
- **Kiosk / Mobile Card Reprint**
- **Print up to 4 tiers from one printer**
- **Permanent, not temporary, cards**

PowerKiosk Enroll solves the greatest customer service issue at clubs; it reduces your lines! As the top reason patrons have to visit a club desk, they can now print and enroll cards in moments from a kiosk. With the industry's leading identification reading technology, every scan is accurate. In 3 simple steps, a patron can go from customer to loyalty member.

Promotions

- **Promotional Games**
- **Virtual Drawings**
- **Account Lookup**
- **Comp Redemption**
- **Casino Wayfinder**
- **Interactive Property Information**
- **Calendar Services**
- **Slot Machine Concierge**
- **Idle Screen Digital Signage**
- **Browser Based Control Panel**

With near limit-less flexibility in creating promotions, PowerKiosk allows operators to maximize efficiency by creating graphic rich, ROI optimized promotions on your kiosks. Operators can control enrollment and rewards based on any data point recorded in your patron management system. With our prize distribution algorithm you can pre-assign prizes, base them on patrons play or distribute them during certain periods. Your drawings can be broadcast throughout your floor and earning criteria can match nearly any identifiable rule.
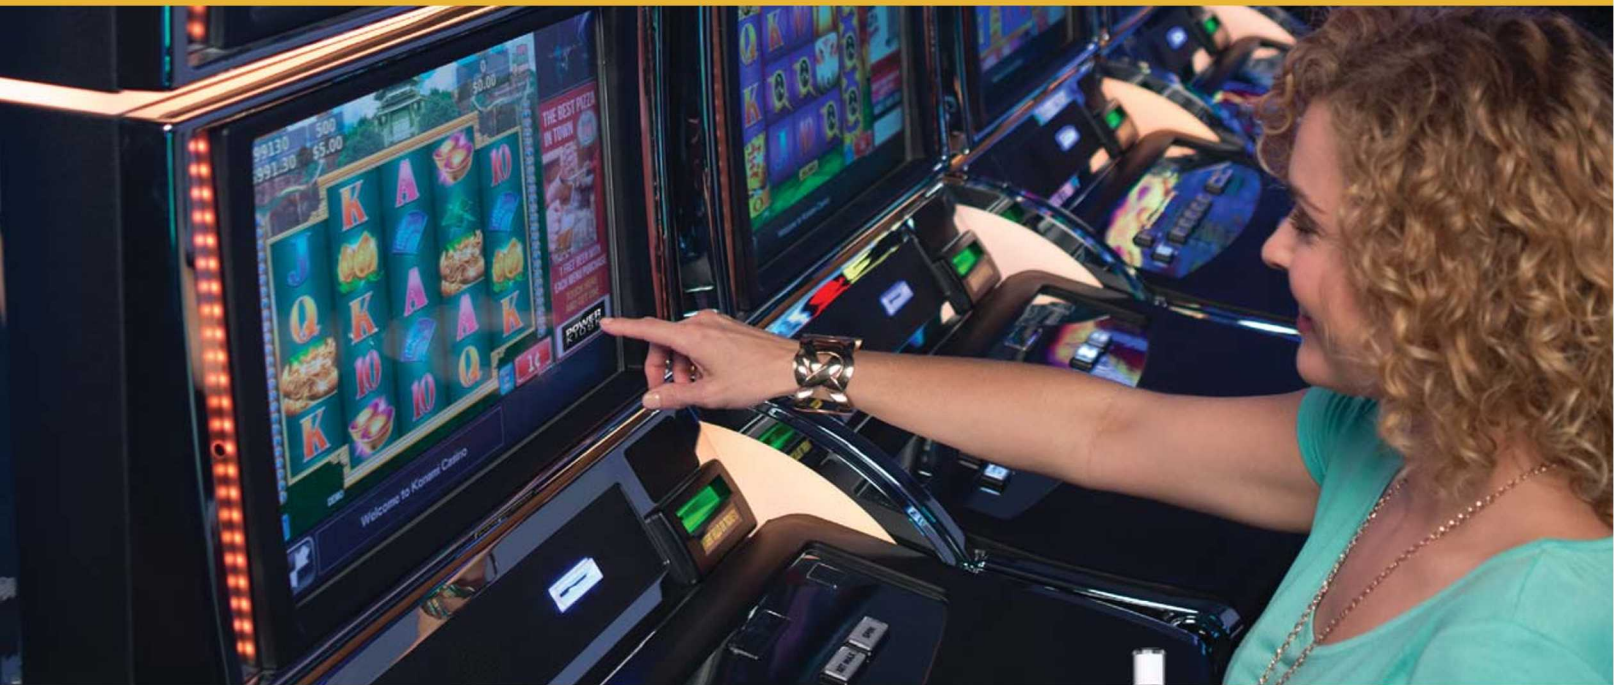

POWER KIOSK™
PROMOTIONS

Mobile

- **Send Promotions & Offers to Mobile**
- **View and Activate Drawing Tickets**
- **Patron Account Information**
- **Location Based Rewards**

PowerKiosk allows you to create a single promotion and deploy it to kiosks and mobile devices. You can create drip marketing campaigns that will automatically SMS and/or Email your patrons informing them promotions are available. Once alerted a patron can participate in the promotion from the mobile device or kiosk. You can control the promotion to allow a patron to start the promotional game on the device and only see the reward when they are on property.

PowerKiosk on EGM

- All Kiosk Functions
- Available for slots with service window applications
- No additional hardware to purchase
